Great Lakes Shooting Sports Association supports HB 4977 with an amendment stipulating a future effective date such as July 1, 2006. (This is in agreement with a recommendation by Michigan State Police.)

GLSSA supports the Substitute for HB 4978. HB 4978 would stipulate by law what is already practiced as policy appurtenant to the issuing of a concealed pistol license. We also believe adding this language to Michigan Law would clarify with certainty how Michigan's Concealed Pistol Licenses are issued, easing concerns of other states considering reciprocal agreements with Michigan.
